

Curriculum Vitae

Stefan Haar

Address		IRISA, Campus de Beaulieu 35042 Rennes cedex, France
Telephone		++33299847412
Fax		++33299847171
E-mail		Stefan.Haar@irisa.fr
Born	14/08/1965	Hamburg (Germany)
Studies	from 1986	in Mathematics and Computer Science at Hamburg University, Germany, and Johns Hopkins University, Baltimore, USA (1989/90)
Master Thesis	11/11/1992	<i>(Diplom-Mathematiker)</i> , Hamburg University <i>Bifurcations and invariant measures in a class of non-linear stochastic differential equations</i>
Ph D Thesis	11/1997	in Computer science at Hamburg University <i>Causality, Concurrency and Conflict in Elementary Net Systems</i>
PostDoc	06/1997–01/1999	Humboldt-Universität Berlin within the PEPtool project
	02/1999–01/2001	INRIA Nancy and ENS Paris within EU project ALAPEDES
	02–08/2001	INRIA Rennes, MAGDA Project
Position	since 09/2001	INRIA Researcher (CR 1)
Projects		Leader of SWAN [26] and ASAX [25] research projects
Reviewer	Conferences:	CDC/ECC, IFAC, ICATPN, ICALP, CONCUR, FCTTCS, TACAS, WODES, IM, ISIC-MED
	Journals:	<i>IEEE Trans. on Automatic Control</i> <i>IEEE Trans. on Control Systems Technology</i> <i>IEEE Trans. on Automation Science and Engineering</i> <i>Theoretical Computer Science</i> <i>Discrete Event Dynamic Systems</i>
Appointment		Appointed associate editor for the 2006 editorial board of <i>IEEE Trans. on Automatic Control</i>
